Adult Dental Services for Virginia Medicaid Members

Smiles For Children
Improving Dental Care for Children and Adults

Exciting Dental Coverage News for our Members!

Dental coverage is the Number One request that we receive from our adult Medicaid members. We are excited to announce that starting July 1, 2021, adult members will have access to more services and provider choices through DentaQuest.

Step: One: Find a Dentist

Contact a DentaQuest representative at 1-888-912-3456 to find a dentist and learn more about the new dental benefit for adults enrolled in Medicaid

Visit the DentaQuest website for a listing of dentists who accept Medicaid in your zip code

Already have a dentist?

Call and make sure that your provider accepts Medicaid coverage so you can receive quality services at no cost.

Visit the DentaQuest Oral Health Library to learn more.

Step Two: Make and Appointment

Once you find a dentist, call and make an appointment. Be sure to tell the dental office that you are a Medicaid member. Remember to write down the date and time of the appointment. On the day of the appointment bring your blue and white Medicaid card or your managed care health plan ID card. The dentist needs to see this card at every visit.

You should visit your dentist every six months to make sure your teeth stay healthy.

Need a ride? Transportation services are available to Medicaid members for their dentist appointments.

Visit the Virginia Medicaid website for contact information to make a reservation.

Covered Dental Services for Adults Enrolled in Medicaid will include:

- Cleanings and preventive care
- X-Rays and exams
- Fillings
- Dentures
- Root canals
- Gum-related treatment
- Oral surgeries
- And more!

Don't forget! Children and pregnant individuals enrolled in Medicaid, FAMIS and FAMIS MOMS are already eligible to receive dental care.

For more information call:

1-888-912-3456

or search the DentaQuest website.
