

ECHO Teen Volunteer Guidelines

Thank you for volunteering at ECHO. We are thrilled that we are able to be back together in our weekday sessions with our youth and adult volunteers. Our first teen volunteer night is October 6th.

All teen volunteers and their parent/guardian will sign the form and return it before each volunteer session.

We are anxious to keep everyone safe while at ECHO. Below are a few guidelines for volunteering

1. Proof of COVID vaccination is required for all volunteers. Please bring your completed vaccine card or have a photo of it on your phone to verify vaccination when you come.
2. Every volunteer will wear a mask that covers their nose and mouth while in the ECHO building.
3. We encourage social distancing as much as possible. Please respect other volunteer's need for space.
4. To achieve social distancing, we are limiting the number of volunteers to 6 per shift. If you cannot come on the day you signed up, please contact us so we can open up the time slot to others.
5. **Please do not come to ECHO if you are not feeling well or have had close contact with anyone with Covid-19 in the past 14 days. (Virginia Dept Health guidelines)**
6. For now, please limit your sign ups to **2** sessions per month. We are excited to have teen volunteers back in the building and want to give as many people the opportunity to serve as possible.
7. Communication is essential. Please email teens4ECHO@gmail.com or call 571-239-2114 if there are any last minute changes to the schedule.
